Re: MB Docket No 04-233

Dear Ms. Dortch

PossAbilities of Southern Minnesota, Inc. is a private non-profit United Way agency.
Our mission is to provide meaningful work and community opportunities for individuals
with developmental disabilities. We provide day training and habilitation to 220
individuals including: Supported Employment, Life Enrichment, Senior Services and
Youth Recreation. PossAbilities is committed to assisting people with disabilities to be
contributing members of the community. Every individual supported by PossAbilities
has some degree of mental retardation and many also have significant physical
disabilities.

PossAbilities of Southern Minnesota has a long standing relationship with KTTC TV.
Several of their staff members serve on our volunteer boards and committees. We are
very fortunate that the staff there are willing and interested in covering events we have
and contact us for interviews. They give us thousands of dollars of free advertising every
year. Each year they cover our fundraising and community events including our Ice
Cream Social, Evening of Wine & Roses, Annual Awards Luncheon, and Parking Lot
Party. In addition to helping us save money by not having to pay for advertising; they
help us get the word out to individuals with disabilities who are on limited budgets and
do not get the local newspaper.

We have established close relationships with the news and weather staff. They are great
about volunteering at our events as local celebrities or just general volunteers. They also
contact us for more information when there is a story about individuals with disabilities
and they need to check facts or get more information. We are very blessed to have had
the support of KTTC for many years and look forward to working with them in the years
to come.

Sincerely,

Vicki Allen
Marketing & Development Director
